

THE FARMHOUSE COLLECTION
Aging Gracefully With Care

Thank you for selecting The Farmhouse Collection. Your fine piece of furniture has been crafted and finished using time-honored, hand-applied techniques.

The “personality” of our furniture reflects the artistic vision of the individual craftsman who worked on it. The registered brass plaque affixed to it is your assurance of a one-of-a-kind work of art.

We suggest caring for your Farmhouse Collection furniture in the following manner:

- To clean gesso and painted surfaces use a clean damp cloth. For stain finishes, use a soft cloth and apply a quality paste wax annually.
- Avoid using liquid spray wax on your fine furniture.
- Avoid placing abrasive or alcohol based substances on the surfaces of the furniture.
- Avoid placing furniture near a heat source or in direct sunlight.
- Avoid extreme changes of temperature.

Enjoy your Farmhouse Collection furniture.
